## Scope / products / finish

Install ten bays of the selected vinyl privacy fence system on an assessed straight run. Sample layout is approximately 60 ft overall; final setout uses the manufacturer's actual bay and post dimensions. Include posts, caps, supports, footings and installation.

## Exclusions / allowances

Gates, existing fence removal, retaining work, rock excavation, surveying and permit fees excluded. Sloping ground or stepped panels require a revised system layout.

## Schedule / payment / acceptance

Agree the schedule, payment and acceptance arrangements for the actual job.

0% tax is shown for illustration only. Use the applicable tax treatment for your job.
